OBJECTIVE

Gain practical knowledge and experience of software development through commercial engineering practices and contribute to a growing field

SUMMARY

Computer Science and Mathematics major with six years of coding experience with a passion for engineering tools and applications
- Strong team building and leadership skills
- Always up to date with the newest trends in the field
- Strong analytical skills, and always conscious to details
- Dedicated to developing quality programs

EDUCATION

Currently Enrolled
Rutgers, School of Arts and Sciences, New Brunswick, NJ
Majors: Computer Science (B.S) Minor: Mathematics
Computer Science GPA : 3.5

RELEVANT COURSES TAKEN

-Data Structures	-Discrete Structures I/II
-Principles of Data Management	-Principals of Programming Languages
-Computer Architecture	-Statistics I/II
-Systems Programming	-Operating Systems
-Dsgn/Analysis of Comp Algorithms	

FEATS

Placed 1st in regional American Computer Science League Contest, Senior Division(2012)*

*Qualified to compete internationally against China, Croatia and others

TECHINCAL SKILLS

Experienced with: C, C++, Java, Python, JSP, PHP, HTML/CSS, SQL, Maple, Mathematica, BASH Shell Scripting
Operating Systems: Windows XP and higher, and Unix/Linux

LEADERSHIP EXPERIENCE

Rutgers Hall Association Tech Chair for Silvers Apartments (Sept 2014 – Oct 2014)
Rutgers Hall Association Vice President for Silvers Apartments (Oct 2014 - Present)
